## SUMMARY

---

Strongly driven Civil Engineer with a good academic record and a passion for applying theoretical engineering concepts to real projects. Proficient in leadership, collaboration, and communication with a focus on delivering functional, innovative solutions.

## EDUCATION

---

**Annamacharya Institute of Technology And Sciences**  
*Bachelor of Technology: Civil Engineering / CGPA : 7.25*

Rajampeta, Andhra Pradesh  
Oct 2022 – June 2025

**M.B.T.S Government Polytechnic**  
*Diploma: Civil Engineering / Percentage : 69.5*

Nallapadu, Andhra Pradesh  
June 2019 – Aug 2022

**Srisudha High School**  
*Seconadry School Cerficate / CGPA: 9.5*

Kurnool, Andhra Pradesh  
July 2018 – march 2019

## TECHNICAL SKILLS

---

- AutoCAD proficiency
- Construction management
- Team leadership
- Quality control
- Critical thinking
- Project Mangement

## PROJECTS

---

**Structural analysis of institutional building at aits-rajampet by using robot structural analysis (Autodesk)**

**BTech Final Year Project**

Nov 2024 – April 2025

- Utilized Autodesk Revit to model institutional building
- Performed structural analysis of the building using Autodesk Robot Structural Analysis Professional, including load calculations (dead, live, and wind) and simulations to evaluate structural performance.
- Evaluated and interpreted structural analysis results, comparing software outputs with standard analysis principles to ensure accuracy and code compliance.

## INTERSHIPS

---

**Campus Executive**  
*E-Cell, IIT Bombay*

July 2023 – Feb 2024  
*Remote*

- Executed campus activities to foster entrepreneurial spirit.
- Promoted entrepreneurship ideals by using social media channels.
- Collaborated with student entrepreneurs and industry experts.

**Structural Analysis And Design using Staad pro**  
*Skill Dzure*

Oct 2024 – March 2025

- Assisted in structural modeling and analysis of RCC and steel buildings using STAAD.Pro .
- Applied dead, live, wind, and seismic loads and interpreted results including bending moments, shear forces, and deflections.
- Developed basic knowledge of BIM integration, exporting models to tools like AutoCAD and Revit for coordination.

## CERTIFICATIONS

---

- Sustainable Construction Management, edX
- Construction Management Professional Certificate, edX
- Field Operations and Administrative Tools in Construction Management, edX
- Basic construction materials, NPTEL

## VOLUNTEER EXPERIENCE

---

### **Aabhaya Project Lead**

*we are with you charitable trust*

Dec 2023 – Dec 2024

*Kadapa, India*

- conducted weekly gatherings at old age homes and orphanages .
- Developed and managed "Celebration Sharing" and "Weekend Support" programs under the Aabhaya Project, mobilizing friends and family to provide emotional and practical support to residents of orphanages and old age homes.

### **Video Editor**

*we are with you charitable trust*

Dec 2022 – Dec 2023

*Kadapa, India*

- Crafted visually appealing videos from various materials.
- Integrated audio and special effects into video projects for a polished final product.
